

Good Morning Western Region Leadership

This is February and it has been quite some time since I have heard from many of our chapters. This tells me that either our chapters are not doing anything, they have everything under control, or none of our chapters has any questions or problems. I know that many of you have things under control but I also know that some of you are behind in submitting any chapter meeting minutes. Let's not wait until the end of the year and then try to catch up. Let's all stay on top of you chapter meetings. Whether you have meetings monthly or quarterly our members joined our association because they wanted to be a part of a group of their peers that was going to support them and keep them informed with what is going on within the Warrant Officer Corps. So let's not let them down.

Late last month I sent out a standard chapter By-Laws that I received from the National office. In it there was information for those chapters that have their meetings on a military Facility. I have not received any questions or updated chapter By-Laws from anyone. These were done for you to help make your job easier and save you chapter money.

The Deputy Director has sent out her 3rd letter to the Region and in it she has expressed her concerns on chapter minutes. Please help her out by completing all chapter minutes in a timely manner and please get you receipt. The National office only has a couple of individuals that work with chapter minutes and sometimes they can make a mistake. So if you do not receive a receipt for your minutes within two or three days resubmit them. This way you will be sure to get your chapter rebate.

Our Region is doing good on contacting our members and retaining them but as you all know there is always room for improvement until you are at 100% retained.

Have a great Warrant Officer day and stay safe
