

Good Morning Everyone

This month is a very good month. After trying to establish a chapter in Japan for many years the Western Region finally has established a Provisional Chapter in Okinawa, Japan, (0206). The Chapter President is WO1 Ulysses T McCormick, umccormick@hotmail.com. Please let's everyone welcome the Okinawa chapter into the Western Region and the USAWOA. For your info they are Sixteen hours and a day ahead of us, time wise.

I remember when my very good friend Joe Gill was the Western Region Director he was also working on a chapter in Japan. Every Director after him has worked on this including me when I was the Director the last time. If I was a drinking man I might even have a drink just to celebrate. Since I am not, I'll have another cup of coffee this morning.

The Western Region now has at least one chapter in every State and every country that is within our Region.

Welcome aboard Ulysses and the members of the Okinawa chapter (0206).
