

Chapter Presidents and Secretaries

EXPIRED MEMBERSHIP LISTING

There seems to be some confusion with the Expired Membership listing.

Anyone that is listed on the Expired membership list will not be listed on any chapter roster. Normally a members name is on a chapter roster until their membership has been expired for the second month. This gives the National office time for the paper work to catch up to the National Offices Print outs. You will now have two (2) rosters Your normal chapter roster and the Region's Expired membership roster. You should use the Expired Membership roster when working on the Expired membership.

What chapters needs to do: Call or send an E-Mail to the individual/s asking them to please renew their membership. Annotate of the report that I have sent to you for control purposes. If the member says that they are in a different chapter so indicate. When you are sending me your report annotate your remarks. Sent e-mail, called, number no good, unable to contact individual. Individual is in the ??? Chapter something to let us know what was done to recapture this individual. I will them compile a consolidated report to the National office.

Most of the time you can recapture at least 50% of these members.

If you have been working you membership roster as you should be the Expired membership listing will become very short. Remember it normally takes about two (2) months for everything to catch up.

I hope this clears up this process for all of you.

If you still have questions give me a call and we can talk about it on the phone.
